Street Machines
Classics • Muscle Cars • Modern
Sue Elliott
Any custom automotive project begins with making choices. There are choices under the hood, such as which engine will match well with a certain chassis and transmission. There are aesthetic choices, like whether to use custom or stock wheels, what paint scheme will look best, and what type of interior will be comfortable as well as eye catching. Each decision involves an investment of money and time. Often what seems plausible in the imagination fails in execution. And only after spending hours of time and thousands of dollars does it become clear that something’s not right. This is the ideal resource for anyone looking to build a powerful and stylish modified street machine. Paperback 160pp 8.2 x 10.6” 551 color photos

Legendary Race Cars
Basem Wasef with Foreword by Stirling Moss

Through vivid, human detail, Legendary Race Cars brings to life more than two dozen racing legends, including the story of Mario Andretti and the Lotus 79 that he drove to the 1978 Formula 1 world championship—a triumph trumped by the tragic loss of his teammate, Ronnie Peterson. We ride along with the incomparable Stirling Moss as he pilots his Mercedes-Benz SLR to an improbable victory at the 1955 Mille Miglia. And we feel our teeth rattling and our bones shaking as we race for nearly seven grueling hours with Ray Harroun in his Marmon Wasp, en route to a controversial win at the very first Indianapolis 500 in 1911. It’s a must-have for all race fans.

Sturgis 70th Anniversary
BESTSELLER
Scooter Grubb

Sturgis 70th Anniversary captures both the history of Sturgis past, and the energy and electricity that is Sturgis now. It describes how a campout in the backyard of the local Indian Motorcycle dealer grew into an event that attracts upwards of half a million motorcycle riders. More than just a biker party, Sturgis includes hundreds of events within the event. Filled with images of bike shows, concerts, Main Street, the best tattoos and the sexiest bartenders, the book shows that what makes Sturgis the ideal place for a biker bash is the riding – the two-lane highways that twist and turn through the Black Hills and across the rolling prairie.

The Lionel Legend

An American Icon

Robert Schleicher

An exhilarating, photo-filled journey through the history of America’s favorite toy trains, The Lionel Legend whisks readers through more than a century of Lionel. Veteran hobby historian and author Robert Schleicher conducts us all the way back to Joshua Lionel Cohen’s 1902 “electric cheese box” — the train that started everything — right up to the high-tech, meticulously detailed Lionels of today. Lavishly illustrated with modern color photography, vintage advertising, and historic images of the “real” prototype trains, this book charts the course of what is arguably America’s most-enduring toy-industry icon.

Boeing B-17  NEW
Flying Fortress Manual
1935 Onwards (all marks)
Graeme Douglas
The B-17 is one of the most famous airplanes ever built. Although Boeing's B-17 prototype first flew on July 28, 1935, only a relative handful of B-17s were in the Army Air Corps inventory when America's war started on December 7, 1941. But production quickly accelerated, peaking at 16 airplanes a day in April 1944, before ending in May 1945 with a total of 12,726 aircraft delivered. This manual offers a unique perspective on what it takes to restore and operate a B-17 Flying Fortress, as well as a wonderful insight into the engineering and construction of this remarkable airplane.

Battle for the City of the Dead
In the Shadow of the Golden Dome, Najaf, August 2004
Dick Camp

In the spring and summer of 2004, Iraq was coming apart at the seams. Sectarian violence pitted Shiite against Sunni. American proconsul L. Paul Bremer had disbanded the Iraqi Army, placing disgruntled young men on the street without jobs or the prospect of getting one. Their anger developed into a full-blown insurgency fed by a relentless campaign by the clergy for jihad against the "occupation force." This book is a riveting account of Americans in battle.

Real Racers  NEW
Formula 1 in the 1950s and 1960s: A Driver's Perspective.
Rare and Classic Images from the Klemantaski Collection
Stuart Codling
with Foreword by David Coulthard and Afterword by Darren Heath

The visceral sensations of driving a Formula 1 race car in the 1950s and 1960s is brought to life through the extraordinary images of the Klemantaski Collection and first-person accounts from the drivers who experienced them. Original commentary from F1 legends Sir Stirling Moss, Sir Jackie Stewart, Sir Jack Brabham, John Surtees, and Sir Frank Williams carries the reader through a Grand Prix weekend, from arrival at the track, practice and setup, the start of the race, and the race itself. A must-have for all Formula 1 aficionados.
