

Chocolate-Coated Christmas Trees and Presents

MATERIALS

- *green candy coating*
- *white candy coating*
- *pink candy coating*
- *red candy coating*
- *green sanding sugar*
- *red sanding sugar*
- *pink sanding sugar*
- *butterscotch candy coating*
- *green dot chocolate transfer sheet*
- *red dot chocolate transfer sheet*
- *pink dot chocolate transfer sheet*

Christmas Trees

Coat the Christmas tree with green candy coating using a squeeze bottle. Allow to set completely. Add the trunk using butterscotch candy coating. Allow to set. Pipe the outline and inside of the tree with green candy coating. Immediately sprinkle with green sanding sugar. Pipe dots for ornaments using red and pink candy coating.

Presents

Coat the present with white candy coating using a squeeze bottle. Immediately place a transfer sheet on the wet candy coating. Allow to set for several minutes. Peel back the chocolate transfer sheet. Pipe ribbon using red, pink, or green candy coating. Immediately sprinkle with the same color of sanding sugar.
