

# Christmas Light Cookies

## MATERIALS

- *lightbulb cookie cutter*
- *red food color*
- *yellow food color*
- *leaf green food color*
- *emerald green food color*
- *sky blue food color*
- *electric purple food color*
- *black food color*
- *green licorice laces*

Prepare run sugar in black, white, red, yellow, leaf green, emerald green, blue, and purple.

## SPECIAL BAKING INSTRUCTIONS

Cut two holes at the top of the lightbulb before baking.

## DECORATING INSTRUCTIONS

Outline the lightbulb with black run sugar icing. Allow the outlines to set. Fill in the base of the lightbulb with emerald green run sugar, taking care not to fill in the holes. Fill in the bulb with run sugar in the desired color. Immediately add the reflection spot using white run sugar. Allow the bulb to set several hours or overnight. String the bulbs together using green licorice laces.
