ICING REQUIRED

Prepare run sugar icing in the following colors: white, red, orange, yellow, light green, dark green, light blue, blue, purple, light brown, brown, gold (mixing yellow with a bit of orange), and black.

SPECIAL BAKING INSTRUCTIONS

Hand cut the treasure chest and pirate hat following a card stock pattern. Make the cannon by using a school bus cutter. Cut the top fourth off of the bus and angle the front to rest the cannon. The cannon was hand cut following a card stock pattern. The two were pieced together before being baked.

Parrot

Outline the parrot and all the details with black run sugar. Allow the outline to set. Fill in the beak with orange run sugar. Fill the face with white run sugar. Allow the face to set. Pipe a dot with black run sugar. Fill in the back feathers with red, yellow, and blue run sugar. Fill in the head and body with red, yellow and blue run sugar and immediately marbleize.

Skull and Crossbones

Outline the skull and bones and the mouth with black run sugar. Outline and fill the eyes with black run sugar. Allow the black outlines to set. Fill in the outlines with white run sugar.

Palm Tree

Outline each palm and the trunk with black run sugar. Allow the outlines to set. Fill in the trunk with brown run sugar. Fill in the palms half with light green and half with green. Immediately marble

Cannon

Outline the cannon and all the details with black run sugar. Allow the outlines to set. Fill in the bottom part with brown run sugar. Fill in the center of the wheels and the handle with white run sugar. Allow to set. Paint the center of the wheels and the handle with moonstone silver dust mixed with grain alcohol. Fill in the top part of the cannon with black run sugar.

Pirate Hat

Outline the pirate hat with black run sugar. Allow the black outline to set. Fill in the outline with black run sugar. Pipe the skull and crossbones using white run sugar.

Map

Outline the map and the island using black run sugar. Allow the black outlines to set. Fill in the rolled part of the map with white run sugar. Fill in the background of the map with light blue run sugar. Fill in the island with ivory run sugar. Immediately pipe the mountain using purple and white run sugar. Immediately pipe the palm trees using green and brown run sugar. Allow the island to set. Pipe an X using red run sugar. Draw the dashed lines using a brown food color marker.
