

Rock and Roll Cookies

MATERIALS

- *heart with wings cookie cutter*
- *hand cookie cutter*
- *electric guitar cookie cutter*
- *music note cookie cutter*
- *star cookie cutter*
- *red food color*
- *orange food color*
- *yellow food color*
- *blue food color*
- *purple food color*
- *black food color*
- *flesh food color*
- *brown food color*
- *moonstone silver dusting powder*
- *grain alcohol*
- *fine-tip black food color marker*
- *tip #0*

ICING REQUIRED

Prepare run sugar icing in the following colors: white, flesh, red, orange, yellow, blue, purple, and black. Prepare royal icing in the following colors: gray.

SPECIAL BAKING INSTRUCTIONS

Trim the thumb, second, and third fingers off of the hand cookie to create a metal rock hand salute cookie.

Music Note Cookies

Outline and fill the music note cookies with the desired colors of run sugar.

Star Cookies

Outline the stars with black run sugar. Outline the center of the stars with black run sugar. Allow the outlines to set completely. Fill in the outlines with desired colors of run sugar.

Metal Rock Hand Salute Cookie

Outline the hand, fingers, and fingernails of the hand cookie. Allow the outline to set completely. Then fill in the hand and finger outlines with flesh food color. Fill in the fingernails with black run sugar.

Rock and Roll Heart

Outline the banner of the heart with black run sugar. Outline the heart with black run sugar. Outline the wings and wing details with black run sugar. Allow the outlines to set completely. Fill in the wings and the banner with white run sugar. Fill in the heart with red run sugar. Allow the icing to set completely. Then write on the banner using a black food color marker.

Guitar

Outline the guitar with black run sugar. Some of the guitars have white in the background. If this is desired, outline the white area as well. Allow the outline to set completely. Fill in the stem of the guitar with brown run sugar. Fill in the guitar with desired colors of run sugar. The guitar can be marbled to create a fire design. Allow the guitar to set completely. Then pipe dots for the guitar buttons and tuning knobs using white run sugar. Pipe white rectangles to hold the strings. Allow the rectangles and white dots to harden. When hardened, mix moonstone dusting powder with grain alcohol to create a paint. Paint the rectangles and dots. Pipe fine strings with gray royal icing using a pastry bag fitted with tip #0.
