ICING REQUIRED

Prepare run sugar in the following colors: white, black, and red.

Basketball

Using terra cotta rolled fondant, make the ball top from basketball texture sheet. Attach to the cookie with piping gel. Pipe basketball lines using black run sugar.

Golf Ball

Using white rolled fondant, make the ball top from golf ball texture sheet. Attach to the cookie with piping gel.

Eight Ball

Using black rolled fondant, make the ball top from eight ball texture sheet. With a 1" (2.5 cm) cutter, remove the circle. Attach the black top to the cookie with piping gel. Using white rolled fondant, make the circle from the eight ball texture sheet. Cut the circle with a 1" (2.5 cm) cutter and fill in the empty area on the cookie. Fill in the recessed eight using black run sugar.

Tennis Ball

Using yellow/green rolled fondant, make the ball top from tennis ball texture sheet. Attach to the cookie with piping gel. Pipe lines using white run sugar.

Volleyball

Using white rolled fondant, make the ball top from volleyball texture sheet. Attach to the cookie with piping gel.

Soccer Ball

Using white rolled fondant, make the ball top from soccer ball texture sheet. Attach to the cookie with piping gel. Fill in the recessed area using black run sugar.

Baseball

Using white rolled fondant, make the ball top from baseball texture sheet. Attach to the cookie with piping gel. Pipe over the raised stitching lines using red run sugar.
